Mike,

As we discussed last week when you visited our office to discuss your proposed 5 lot subdivision on Hardy Road in the Town of Wilmington, Essex County, NY, this subdivision is not jurisdictional to the NYS Department of Health as a Realty Subdivision. We do have jurisdiction over subdivisions of 5 lots or greater that are each less than 5 acres in size. All of your proposed lots are well over 5 acres and are therefore not jurisdictional to our office.

If you have any questions, please contact me.

Thanks,

Marlene
